

# ADVANCED CLINICAL TECHNOLOGY SERVICES

Biomedical Technical Services

Experts at Meeting and Exceeding Regulatory Compliance Standards

11-25-09

## **Biomedical Technician**

ACT Services is a number one Management / Support / and Maintenance company servicing a broad range of clinical equipment. We are experts at meeting and exceeding regulatory compliance standards and ACT wants to grow by building a team of top-rated biomedical professionals.

This is an excellent career opportunity for the motivated and qualified candidate!

ACT Services is looking for a professional biomedical technician for field service in the Twin Cities and surrounding Northern Metropolitan area.

ACT will hire a technician that can work independently, is well organized and possesses all the qualities needed to offer the very best biomedical support services to its growing client base of hospitals, surgery centers, and other healthcare organizations.

The successful candidate will be responsible for documentation, troubleshooting, repair, safety testing, and performance verification inspection, of patient care equipment. We are seeking a detail-oriented individual with problem-solving skills and the ability to prioritize duties. This person must also have excellent interpersonal and communication skills to deal effectively with customers and staff.

The professional qualified candidate we will hire will be a career-oriented individual with an Associate's Degree in Biomed / Electronics or equivalent training and experience. Prior field service, anesthesia, respiratory, radiology and/or laboratory service experience is a plus.

ACT Services offers an excellent salary and benefits package, including paid vacation, sick time, and health insurance and health savings account.
